

Public Relations Officer report December 2007.

APF Medal Design.

The final design work was completed by Australia Post Graphic artists a couple of weeks ago and was subsequently circulated to executive members for comment. A final modification to the design was sought that being the removal of the figure "2" from the medal insert. This information along with the sketches was forwarded to Charles Bromser who in turn had some contact with Cashes medal manufacturers. This morning I sought an update from Cashes to find out that they were yet to receive a copy of the required design! (Possibly due to a computer glitch at Cashes) I subsequently have forwarded this information to Cashes and am awaiting a quote for die engraving and medal and insert costs struck from a variety of metals.
